Field	DisplayName	DCMap	ExampleValue	Definition	DataType	InputRules	Obligation	Search
objectid			coll001	A unique string with no spaces or special characters that will be used as an ID in the website.	Text	Each objectid must be unique. Each objectid property should have a single value.	Required	No
cdmid			1	A unique number with no spaces or special characters that is assigned to the object by CONTENTdm	Text	This is the unique identification number assigned to an item by CONTENTdm. Optimally, this property should coincide with the item's objectid, but this correspondence is not necessary for CollectionBuilder to work.	Required if using CONTENTdm Skin Version	No
title	Item title	dc:title	Haystack Rock White Pass and Yukon Railroad Train	A name given to the resource.	Text	Each title property should have a single title value.	Required	Yes
creator	Creator	dc:creator	Smith, John Smith, John; Doe, Jane	An entity primarily responsible for making the resource.	Text	For multiple creators, separate values with a semicolon.	Recommended	Yes
date	Date Created	dc:date	Year: YYYY (1997) Year and month: YYYY-MM (1997-07) Complete date: YYYY-MM-DD (1997-07-16)	A point or period of time associated with an event in the lifecycle of the resource.	Integer	If the date is unknown, specify an estimated date or date range.	Required	Yes
description	Description	dc:description	Camp II Bus Station at Poston with a Japanese flair. Postcard of the Memorial Gymnasium on the University of Idaho campus in Moscow, Idaho.	An account of the resource.	Text	Anything significant about the digital resource not covered elsewhere. Use standard punctuation and grammar to describe the item's history, physical appearance, contents, abstract, etc.	Recommended	Yes
subject	Subjects	dc:subject	Dentistry Dogs; Cats; Zebras	The topic of the resource.	Text	For multiple subjects, separate values with a semicolon.	Recommended	Yes
location	Location	dc:coverage	Pullman, Washington	A geographic location to which the resource applies.	Text	Use for human readable place name.	Recommended	Yes
latitude	Latitude	dc:coverage	46.731643	A geographic coordinate that specifies the north-south position of an item's place.	Decimal	Expressed as decimal degrees instead of degrees-minutes-seconds format.	Recommended	No
longitude	Longitude	dc:coverage	-117.165625	A geographic coordinate that specifies the east-west position of an item's place.	Decimal	Expressed as decimal degrees instead of degrees-minutes-seconds format.	Recommended	No
source	Source Collection	dc:source	PG 5, University of Idaho Library Special Collections and Archives	A related resource from which the described resource is derived.	Text	Expressed as collection name followed by a comma, then followed by holding library.	Required	No
identifier	Source Identifier	dc:identifier	Postcard_023 ARG-02-16-1993	An unambiguous reference to the resource within a given context.	Text	Use to reflect unique naming given by source collection	Required	No
type	Type	dc:type	Image; Black-and-white photographs Image; MovingImage Text; Articles	Distinguishes between types of image, sound, text, etc. using a one- or two-value input.	Text	At minimum, the input should contain a value chosen from the DCMI Type Vocabulary (https://www.dublincore.org/specifications/dublin-core/dcmi-type-vocabulary/2003-02-12/). If using a second value, the second value does not need to relate to a controlled vocabulary, but should give further specification of the object type. The two values in a pair should be separated by a semi-colon (;).	Required	No
format	Format	dc:format	audio/mp3 application/pdf image/jpeg video/mp4	The digital file format of the resource.	Text	The digital format of the resource. The input for this field should be structured according to MIME type standards, consisting of a type and a subtype concatenated with a slash (/) between them. A list of MIME types can be found here: https://developer.mozilla.org/en-US/docs/Web/HTTP/Basics_of_HTTP/MIME_types/Complete_list_of_MIME_types .	Required	No
language	Language	dc:language	en	A language of the resource	Text	Recommended best practice is to use a controlled vocabulary such as http://www.loc.gov/standards/iso639-2/php/code_list.php	Recommended	No
rights	Rights	dc:rights	Educational use includes non-commercial use of text and images in materials for teaching and research purposes. Digital reproduction rights granted by the University of Idaho Library. For other uses beyond free use, please contact University of Idaho Library Special Collections and Archives Department.	Information about rights held in and over the resource.	Text	A free-text rights statement that complements the selected standardized rights statement.	Recommended	No

collectionbuilder-data-dictionary

Field	DisplayName	DCMap	ExampleValue	Definition	DataType	InputRules	Obligation	Search
rightsstatement	Rights	dc:rights	http://rightsstatements.org/vocab/NoC-US/1.0/	A standardized rights statement, presented as a creativecommons.org URI or rightsstatements.org URI	URL	When choosing a standardized rights statement: Use a rightsstatements.org statement to express the rights status if your institution does not hold the rights, or if your institution holds the rights but does not wish to use a Creative Commons license. Use a Creative Commons license if your institution hold the rights and you're authorized to make that determination. If the creator already assigned one, use they one they assigned. For materials in the public domain, use a rightsstatement.org statement or the Creative Commons Public Domain Mark.	Required	No
youtubeid			sHhk1eAgopU	A unique string assigned a video uploaded to YouTube.	Text	This is the unique string assigned to a video when it is uploaded to YouTube. An easy way to find this is to look at the url for your YouTube video. The ID will be the string attached to the end of this url: https://www.youtube.com/watch?v=	Required if YouTube content is present	No
fileid			pg1_440.jpg	This is the digital object's filename, including the name itself as well as the object's file extension.	Text	Each filename property should have a single value and end with a file extension.	Not Required	No
collectionid			dworshak	The collection alias assigned by a collection creator in CONTENTdm.	Text	Usually a lowercase string containing text.	Required if collection is pulling from multiple CONTENTdm collections	No
